

Water Supply Watershed

The Henderson County Water Supply Watershed Local Program is led by Natalie J. Berry PE.

The Water Supply Watershed Program implements local stormwater control policies, strategies and rules designed to protect surface waters of Henderson County from the impacts of stormwater pollutants and runoff. Staff handles permitting for post-construction (development projects) water supply watershed program, and provides technical assistance to the regulated community, engineers, industry, and citizens.

The local Water Supply Watershed permitting program regulates site development and post-construction stormwater runoff control. Areas subject to this local Water Supply Watershed program include portions of the unincorporated areas of Henderson County and within the Town of Laurel Park.
